

memories in the making®

Note Cards

Memories in the Making® is an art program for individuals in the early and middle stages of Alzheimer's disease or other dementia. The program offers the opportunity for creativity and self-expression through the visual arts. Participants in the Alzheimer's Association of Greater Cincinnati's Memories in the Making® program created the artwork on these cards. Each pack includes 10 blank note cards (4¼ x 5½) with white envelopes. These cards are made possible by a generous donation in memory of Annette Rosenthal and Eva Vilensky. All proceeds will support the Memories in the Making® art program in the Greater Cincinnati Chapter service area.
