

alzheimer's association

Assisted Living

Assisted Living (AL) is designed to maximize an individual's independence by combining a home-like setting with the availability of nursing and personal care services. When selecting a facility, it is important to ask if the daily rate includes all services or if there are additional costs. AL facilities either provide or make arrangements for services, including meals, housekeeping, laundry, assistance with personal care activities, and medication assistance (such as reminders and/or dispensing). Some AL facilities include these services in their daily rate, while others have a daily rate plus a 'menu' plan for each additional service provided. AL facilities are not able to provide services to persons in need of 24 hour skilled care. Please note that neither Medicare nor Medicaid will pay for AL.

AL is a potential living arrangement for persons in the early stages of Alzheimer's disease or a related dementia. In exploring and choosing this option, it is critical to inquire about the programming and the level of care, supervision, and structure provided by the facility. It is also important to ask about dementia-specific training and education provided to the staff. For more information on AL or to work with one of the Chapter's Family Assistance Coordinators, please call 937-291-3332 or 1-800-441-3322.
