Support groups are small discussion groups for caregivers, family members and friends of people with Alzheimer's disease or a related dementia. These groups provide participants with an opportunity to discuss caregiving challenges and share helpful tips, while receiving support from others who are in similar situations.

All affiliated support groups within the chapter territory of the Alzheimer's Association of Greater Cincinnati meet monthly. Call our Helpline at 1-800-272-3900 or visit [www.alz.org/cincinnati](http://www.alz.org/cincinnati) for current listings.

The names listed for each group are either Association staff or volunteer facilitators (family caregivers or professionals) who donate their time to support caregivers affected by a dementing illness. The Alzheimer's Association of Greater Cincinnati does not endorse any specific organization, facility, product or person.

**PLEASE NOTE:** These support groups are open to family caregivers only and confidentiality is strictly maintained. The Alzheimer's Association of Greater Cincinnati does not allow attendance at these groups by community service providers, health care professionals, students or other laypersons who are not caring for a family member with Alzheimer's or dementia. Also, these support groups are not designed for people who have a diagnosis of dementia and their attendance is not advised.
