An educational series by the Alzheimer's Association

*Led by volunteer Community Educators

**Hosted at the Memory Program

The diagnosis of Alzheimer's disease is life-changing and leads to many questions. What will this mean for me and my family? How do I plan for the future? Where can I get the help I need?

Living With Alzheimer's is a series of education programs that provide answers to the questions that arise in the early, middle and late stages of the disease. Hear from those directly affected and learn what you need to know, what you need to plan and what you can do at each point along the way.

Space is limited. Registration required.
