**ALZHEIMER'S ASSOCIATION WALK TO END ALZHEIMER'S™
IN IOWA CITY HITS RECORD ATTENDANCE**
*Largest Fundraiser Dedicated to Alzheimer's Disease Care, Support
and Research Programs*

[Iowa City, IA] - More than 600 residents from the Iowa City/Coralville area joined the Alzheimer's Association's Walk to End Alzheimer's and united in a movement to reclaim the future for millions at City Park on Saturday, October 1. Participants raised a record \$55,000 to fund Alzheimer's care, support and research programs. Event coordinators are still collecting donations.

Walk to End Alzheimer's participants did more than complete the two and a half mile walk. They enjoyed music from the Holiday Road Band. The event included an emotional tribute to those who have experienced or are experiencing Alzheimer's. Walkers learned more about Alzheimer's disease and the Association's critical role in the fight against it, including the latest about Alzheimer's research and current clinical trials, how they can become involved in advocacy efforts at home and in Washington, DC and the Association's support programs and services. The 2011 Walk wrapped up with a lunch provided by Legacy Pointe.

"This year was a record breaking year for the Iowa City Walk. It was inspiring to watch our community come out to unite in the fight against Alzheimer's disease at the Walk to End Alzheimer's," said Gary Wicklund, member of the Alzheimer's Association Board of Directors and Alzheimer's Association Walk to End Alzheimer's planning committee. "With the funds that

were raised, the Alzheimer's Association will be able to provide much needed care and support to people affected by the disease as well as fund critically needed Alzheimer's research.”
