

essentiALZ™

alzheimer's association®

Do you provide care for
someone with dementia
or Alzheimer's?

Get trained.
Get certified.
It's essentiALZ.

alzheimer's association®

The Alzheimer's Association® essentiALZTM certification program is a convenient way for individuals to be recognized for learning quality dementia care practices. The essentiALZ program combines select HealthCare Interactive CARES® online dementia care training with Alzheimer's Association certification exams.

Because you care, learn and be recognized. Get certified.

Family members as well as professional care providers can benefit from essentiALZ.

Be prepared.

Dementia care training may help you learn techniques for dementia care required at home or work.

Demonstrate knowledge.

Be recognized as someone who has a basic understanding of symptoms of Alzheimer's and other dementias as well as recommended caregiving techniques by successfully passing the essentiALZ online exam.

Feel confident.

The essentiALZ exam tests your knowledge in topics developed from the evidence-based and nationally recognized Alzheimer's Association Dementia Care Practice Recommendations, which are supported by more than 30 leading health and senior care organizations.

The Alzheimer's Association is the world's leading voluntary health organization in Alzheimer's care, support and research. Our mission is to eliminate Alzheimer's disease through the advancement of research; to provide and enhance care and support for all affected; and to reduce the risk of dementia through the promotion of brain health.

Our vision is a world without Alzheimer's disease.
