

Raise Awareness...

Every time you ask someone to walk with you or to donate to your fundraising efforts, every time you share a post about Alzheimer's, every time you wear your logo pin or Walk shirt, every time you publically connect yourself with the Alzheimer's Association, you are raising awareness for the Alzheimer's cause.

Every time you raise awareness in the community you are making an impact in the fight against Alzheimer's, you are helping those personally dealing with the disease on a daily basis and you are changing the way the world views the importance of finding a cure.

Diane and Joyce provide 20 years of volunteer service and advocacy for the disease in the NE KS community.
