

Starting your search

Choose from three methods of searching:

- Simple Search
- Browse Search
- Power Search

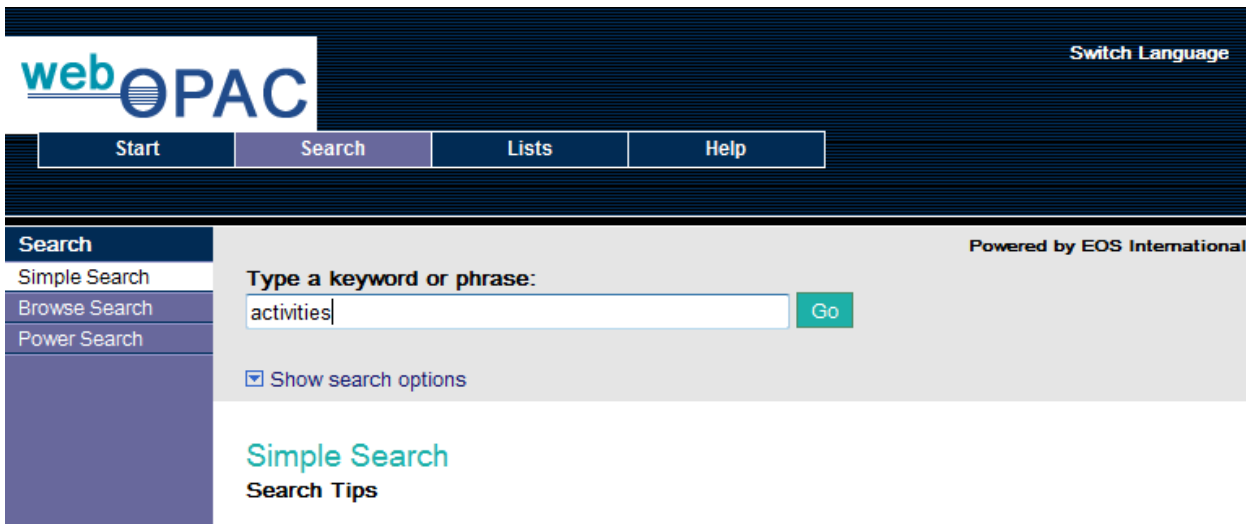

Green-Field Library and Resource Center
Welcome to the Library Catalog!

Search Types

Simple Search	Simple Search enables you to search using a 'keyword' or 'phrase'.
Browse Search	Browse Search allows you to search by a specific category such as 'Author', 'Title', 'Subject', etc. Search results appear in alphabetical order beginning with the nearest field matching the information you entered.
Power Search	Power Search gives you the advantage of combining different categories such as 'Author' AND 'Title' OR 'Subject' enabling you to search multiple terms simultaneously.

- In **Simple Search**, type a keyword that relates to your topic like *activities* or *bathing*.

➤ In **Browse Search**, type the *first* word in the title or the author's *last* name.

The screenshot shows the webOPAC search interface. The top navigation bar includes 'Start', 'Search', 'Lists', and 'Help'. The search area is titled 'Search' and is powered by EOS International. The 'Look for:' dropdown menu is open, showing options: TI (All Titles), AU (All Authors), SU (Subject), SE (Series), CA (Local Call Number), LO (Location), ID (Item ID/Barcode), IT (Item Title), and LT (Link Title). The 'TI (All Titles)' option is highlighted. The 'Begins with:' text box contains '36 Hour Day' and a green 'Go' button is to its right. Below the dropdown, a red line indicates the selected field: **Look for:** TI (Titles) **Begins with:** (Leave Blank).

The screenshot shows the webOPAC search interface. The top navigation bar includes 'Start', 'Search', 'Lists', and 'Help'. The search area is titled 'Search' and is powered by EOS International. The 'Look for:' dropdown menu is open, showing options: AU (All Authors), SU (Subject), TI (All Titles), SE (Series), CA (Local Call Number), LO (Location), ID (Item ID/Barcode), IT (Item Title), and LT (Link Title). The 'AU (All Authors)' option is highlighted. The 'Begins with:' text box contains 'Mace' and a green 'Go' button is to its right. Below the dropdown, a red line indicates the selected field: **Look for:** TI (Titles) **Begins with:** (Leave Blank).

- In **Power Search**, expand the screen to see more options. Search on exact phrases, various formats (like book or DVD), or publication year.

Before expanding, the screen looks like this:

The screenshot shows the webOPAC search interface. At the top left is the logo "webOPAC" and at the top right is a "Switch Language" link. Below the logo is a navigation bar with "Start", "Search", "Lists", and "Help" buttons. The "Search" section is active, showing a sidebar with "Simple Search", "Browse Search", and "Power Search" options. The main search area is titled "Select search type and enter your criteria:" and contains three input fields, each with a "- Select Field -" dropdown menu. To the right of the fields are "AND" dropdown menus and a green "Go" button. Below the input fields is a checkbox labeled "Show search options" with a red arrow pointing to it. At the bottom of the search area, there are links for "Power Search" and "Search Tips". The text "Powered by EOS International" is visible in the top right corner of the search area.

After expanding, the screen looks like this:

The screenshot shows the webOPAC search interface after expansion. The layout is similar to the previous screenshot, but the search options are expanded. The "Show search options" checkbox is now checked and labeled "Hide search options". Below the input fields, there are several additional options: "Search Method:" with a dropdown menu set to "Exact Phrase"; "Find:" with a checkbox for "Linked Media (e.g., images, sounds, etc.)"; "Display results:" with a dropdown menu set to "15 per page"; "Limit this search to:" with three dropdown menus for "Format", "Media", and "Language"; and "Publication Year:" with two input fields and examples: "Example: 1973 - 1990 (Year range)" and "Example: 2002 - (Single year)". The text "Powered by EOS International" is visible in the top right corner of the search area.

- Next, select search type in the "Select Field" dropdown and then type a keyword. If you're looking for newer items, limit your search by year.

Example 1: In this example, we're looking for *books* on *bathing* published *since 2005*.

The screenshot shows the webOPAC search interface. At the top left is the logo "webOPAC" and at the top right is a "Switch Language" link. Below the logo are navigation buttons for "Start", "Search", "Lists", and "Help". The main search area is titled "Search" and includes a sidebar with "Simple Search", "Browse Search", and "Power Search" options. The main content area is titled "Select search type and enter your criteria:" and contains several input fields and dropdown menus. The "Word(s)" field contains the text "bathing". The "Select Field" dropdowns are set to "Book". The "Publication Year" field is set to "2005 - 2009". There are also "Go" and "Click Go" buttons. A "Hide search options" link is visible below the search criteria fields. The "Search Method" is set to "Exact Phrase" and the "Display results" is set to "15 per page". The "Find" section has a checkbox for "Linked Media (e.g., images, sounds, etc.)" which is unchecked. The "Limit this search to:" section has dropdowns for "Book", "- Media -", "- Language -", "- Location -", and "- Collection -".

Example 2: In this example, we're looking for *videos* published *after 2005*. Note the use of the search term "videorecording."

The screenshot shows the webOPAC search interface. At the top left is the logo "webOPAC" and at the top right is a "Switch Language" link. Below the logo is a navigation bar with "Start", "Search", "Lists", and "Help" buttons. The main search area is titled "Search" and includes a sidebar with "Simple Search", "Browse Search", and "Power Search" options. The "Power Search" option is selected. The search criteria are as follows:

- Select search type and enter your criteria:**
 - Word(s): videorecording
 - Select Field -
 - Select Field -
- Search Method:** Exact Phrase
- Display results:** 15 per page
- Limit this search to:**
 - Format -
 - Media -
 - Language -
 - Location -
 - Collection -
- Publication Year:** 2005 - 2009

Additional features include a "Go" button, a "Click Go" button, a "Start Over" button, and a "Find:" section with a checkbox for "Linked Media (e.g., images, sounds, etc.)".

Continue ↓

After you click the "Go" button, you get your results. Note the number of items you find. In this search, there are 33 unique hits. Click the title links to read more about the videos.
