Maine Chapter

Annual Report and Honor Roll of Donors
Fiscal Year 2006

alzheimer's association
the compassion to care, the leadership to conquer
As I reflect on my eight years as a member of the Board of Directors, I am very proud of the strides the Chapter has made in its commitment to care and support for individuals with Alzheimer’s disease, their families, and caregivers. We now provide expanded care management services, telemedicine programming, and new educational offerings on a variety of topics, ranging from the maintenance of brain health to end stage disease. In addition, our outreach efforts have taken us to all corners of the state and we have conducted a number of initiatives targeted to primary care physicians.

During the last two years, I have been privileged to serve as President of the Board while the Chapter focused on capacity building aimed at improving its ability to serve Maine families with our existing resources. As we look to the future, local chapters like ours will work more closely with the National Alzheimer’s Association to advance our combined mission of research and care.

Our success has been made possible through the able leadership of Eleanor Goldberg, who has served the organization as Executive Director since 1996. Ellie’s leadership, commitment and integrity have taken the organization to new levels and we appreciate her tireless devotion to the Chapter. She is supported by a capable staff, committed volunteers and generous donors who will help take us to the next plateau in our growth and development.

Thank you for your continued commitment and support.

Ernest Enck, Jr.
President, Board of Directors

As the awareness about Alzheimer’s disease has grown, so has the need for the programs and services of the Alzheimer’s Association, Maine Chapter. To meet the increased demand across the state, this past year we focused our efforts on enhancing our capacity to serve families through our 24/7 Helpline, reaching out to the primary care physicians who are often the first point of contact for memory impaired individuals and their families, and strengthening our training programs for professional caregivers. We implemented new Helpline software that has improved our efficiency, as well as our effectiveness, and allows for better quality service to callers and more timely follow up. We saw a marked increase in the number of families served statewide by our in-depth care consultation and care management programs. We conducted more education programs for larger audiences than ever before. At the same time, we continued our efforts in the public policy arena to ensure that vital programs remain available to people with Alzheimer’s.

We also hosted several exciting events this year which were successful in increasing awareness about Alzheimer’s. David Shenk, author of The Forgetting: Portrait of an Epidemic, gave a free public lecture in Portland that attracted nearly 200 people; for many participants, it was their first exposure to the Chapter and we were able to inform them about our programs and services. Similarly, the Portland premiere of Sundowning, which was a benefit on behalf of the Chapter, generated a great deal of local interest in Alzheimer’s as well as the film itself. Finally, our statewide conference in Bangor drew caregivers from around the state, including many who were new to the Chapter. Knowing that we can provide the critical support services they need for their caregiving journey is indeed rewarding.

None of this would be possible without the unfailing support of donors, grantors, and corporate sponsors, the commitment of our many hard-working volunteers, and the dedication and professionalism of our terrific staff. Thank you for everything you do.

Our vision is a world without Alzheimer’s disease and the best possible quality of life for people and their families. With your help, that day is getting closer.

Eleanor Goldberg
Executive Director

I was MOST impressed with the team of workers who were SO together and knowledgeable about any and all questions. Your team is terrific. - Care Consultation Caller
Education and Training

- Our Conversation Series about Memory Loss and Dementia, a four to six week program, was presented in Bar Harbor, Greenville, Calais, Brunswick and Dexter, and monthly “conversations” continued in Yarmouth and South Portland. We held a six-part Caring for Aging Family Members series in Bridgton, which culminated in a new caregiver support group, and a day-long family workshop in Berwick in collaboration with Southern Maine Agency on Aging. We also presented a family workshop in South Paris.
- Chapter staff provided 36 in-service training programs for long term care facilities, hospitals, home care agencies, and group homes for the developmentally disabled; in addition, we offered 10 free-standing Alzheimer’s 101: Understanding the Basic Elements of Good Care programs and three programs for law enforcement personnel.
- Working with the Maine Alzheimer’s Project, Chapter staff offered six programs in the Best Friends™ Approach to Alzheimer’s Care for long term care staff and for families.
- 14 Living with Memory Loss family programs were held in Portland, Bangor, Waterville, Fort Kent, Kennebunk, Presque Isle, and Belfast.
- Six Speakers’ Bureau volunteers presented a total of 43 programs, Keeping Our Minds Sharp As We Age and Memory, Aging and Alzheimer’s Disease, to over 500 participants.
- Chapter staff delivered 18 presentations of Maintain Your Brain™: How to Live a Brain Healthy Lifestyle, designed to focus attention on cognitive well-being.
- The Chapter now has telemedicine and videoconferencing equipment, thanks to a grant received by the Maine Telemedicine Services (MTS), a not-for profit agency of the Regional Medical Center of Lubec. During the past year, we used the technology to broadcast several education programs, attend a meeting and participate in a conference and we expect to provide regularly scheduled training programs for long-term care staff on a variety of topics.
- In total, Chapter staff conducted 195 programs throughout the year for various audiences with attendance exceeding 4,130.

Caregiver Consultation and Support

- Our toll-free Helpline, available 24 hours a day, 7 days a week, received 2,515 calls, an increase of 38% over the previous year, from all 16 Maine counties and 109 calls from other states. During the year, we received 345 after-hours calls, a 21% increase over the previous year. Our dedicated Helpline specialists volunteered 884 hours, responding to and providing follow-up to callers.
- Nearly 355 families throughout the state were served through the Chapter’s care management program, bringing the total number of families served by this program, which provides intensive one-on-one staff support, to over 1,300 since its inception. During the year, there were 280 new referrals to the program, resulting in 76 home/office visits and 178 telephone or email consults.
- An average of 44 support groups met monthly across the state; training programs for new leaders were held in Portland and Bangor and the Annual Support Group Leader Forum was held in February. Our early stage family group has served a total of 140 participants representing 102 families.

Statewide/Rural Outreach

- In April, the Chapter welcomed David Shenk, author of the groundbreaking book and the PBS documentary The Forgetting: Portrait of an Epidemic, who presented a free public program exploring Alzheimer’s disease; nearly 200 people attended this informative program, which included a panel featuring local experts who discussed available community resources and a brief presentation on Maintain Your Brain.
- Also in April, the Chapter hosted the Portland premiere of the critically acclaimed film Sundowning, written and directed by Jim Cole and produced by Jay Towle, Aaron Duffey and Jim Cole, young local talents. The film, shot entirely in Maine and whose cast includes local stage and screen actors, portrays the story of three generations of Maine lobstermen and the impact of the grandfather’s Alzheimer’s disease. The premiere event was a benefit on behalf of the Maine Chapter that raised over $4,000 in revenues.
- Thanks to a grant from the Maine Community Foundation, seven additional library and health centers in Washington County received a set of Alzheimer’s resource materials.
- The Chapter staffed a display table at 23 health fairs, conferences and employee wellness events in various locations including Portland, Rockland, Kennebunk, Brunswick, Farmington, Dover-Foxcroft, Freeport, Bangor, Fryeburg and Waterville.

These meetings are a blessing. Not only to myself but to the others I interact with. I have taken care of my mother, father, mother-in-law, daughter and son, and now my husband. I wouldn’t know what to do without this group.

The Alzheimer’s Association, Maine Chapter makes every attempt to ensure accuracy in reporting. These holiday and spring appeal gifts were received between July 1, 2005 and June 30, 2006. If, for any reason, you discover an error or omission, please bring it to our attention at (207) 772-0115. Thank you!
Selected Highlights Fiscal Year 2006 (continued)

Public Policy and Advocacy

- Chapter staff presented testimony and advocated on behalf of direct care workers for wage increases and family caregivers for expanded family leave benefits.
- The Chapter was named by the Governor’s office to a task force examining the impact of changes in Medicaid policy resulting from the federal Deficit Reduction Act of 2006.
- At the Annual Public Policy Forum in Washington DC, Chapter Board member and advocate Karen Stram spoke before 350 people about her experience as the spouse of a person with early onset Alzheimer’s and the importance of research funding.

Major Initiatives

- With support from the Maine Alzheimer’s Project, the Rines-Thompson Fund and Lincoln Financial Group, we continued our needs assessment with Maine’s ethnically diverse communities. We held separate meetings with members of Portland’s Somali and Sudanese communities, met with members of Portland’s Vietnamese community and shared our findings with the aging network.
- In an effort to learn more about and increase the use of the Medicare Hospice Benefit in residential/nursing care facilities, Chapter staff conducted telephone interviews with these providers.
- Thanks to a grant from the Sam L. Cohen Foundation, we implemented a statewide outreach initiative with primary care physicians and health centers. The project goal was to enhance the care people with Alzheimer’s disease receive from their primary care physicians; increase the referrals these physicians make to community services that provide support to caregiving families; and ultimately improve the health outcomes of people with dementia and their caregivers. In this phase of the project, we provided primary care physicians across all settings with information about community resources, Chapter services, and diagnosis and management of Alzheimer’s.
- In the first full year of our capacity building grant from the Maine Community Foundation, the Chapter worked with a consultant from Common Good Ventures to implement new software for the Helpline, which was a multi-step process that has resulted in more effective and better quality service to callers, more timely follow up and an ability to collect standardized data to identify trends. We also worked with the consultant to restructure our fundraising staffing, which has resulted in greater efficiencies. We expect this three-year capacity building program to greatly strengthen our impact on the people we serve around the state.

Safe Return

- 70 new people were enrolled in the program and as of June 30, 2006, there were a total of 497 program registrants. In addition, we provided training on three occasions at the Law Enforcement Academy for a total of 180 new cadets.

Development

- Memory Walk 2005 proceeds were $320,000, the result of active participation by over 1,000 walkers, 125 teams and 40 sponsors at 15 sites across the state. Creative Memories, an organization dedicated to preserving memories through scrapbooks, raised over $15,000 for the Chapter.
- The second annual Eric Weinrich Charity Golf Tournament and Auction in July 2005 netted over $52,000 for the Chapter.
- We welcomed 30 members to our Memory Circle representing donors who make a yearly gift of $1,000 or more. Of these, six donors are participating in our Challenge for Hope $10,000 pledge program.
- The Chapter announced the formation of the Ben Thompson Memorial Education Fund. Thanks to a generous donation from Arlene Thompson, Ben’s widow, the fund is used to support family education programs.
- The Stars of Hope program at OceanView at Falmouth, The Highlands and Highland Green, and various initiatives conducted by the Yarmouth Rotary, Bankers Life and Casualty, TD Banknorth, Wal-Mart and the Parrot Head Club, raised awareness and funding for Chapter services.
