

Friends & Family Training

This free 45-minute online training will provide you with an introduction to TimeSlips and creative communication techniques that you can weave into your daily care practices in order to create more meaningful moments of connection.

Designed with friend and family caregivers in mind, this training focuses on one-on-one care scenarios. This training is completely free for you to access and share with others. www.timeslips.org/trainings/individual-training/families/

"Engagement" Parties

TimeSlips Engagement Parties are informal, grassroots gatherings for anyone who wants to learn our evidence-based techniques for connecting with people experiencing memory loss. Created with and designed for family caregivers (but fun for anyone), Engagement Party guests will learn simple techniques to improve communication and creatively engage friends, family members, or neighbors in shared moments of imagination.

To host your own Engagement Party access our free resources.
