

Alzheimer's Association Professional Dementia Care Training Programs

Evidence-based professional training programs available through the Alzheimer's Association are designed to fit your staff needs. Classroom and Web-based trainings are based on the same proven care approaches. Classroom training is available by calling your local chapter 800-272-3900. Web-based training is available at www.hcinteractive.com/CARES. **Participants in Mid-Missouri should use discount code ALZ101.**
