

Diversity Toolbox

Hispanic/Latino Bibliography

This bibliography identifies items of interest to those working with Alzheimer's disease in Hispanic/Latino American communities. The list is not exhaustive and selection does not constitute endorsement. It includes items on research outside the United States because of possible application to Hispanic/Latino groups in America. Additional items are listed on the main Hispanic/Latino page in the Diversity Toolbox on the Alzheimer's Association Web site <http://www.alz.org/Resources/Diversity/HispanicLatino.asp> Other items and links to outside sources can be found at the Association's Hispanic Resource Portal http://www.alz.org/hispanic/overview_sp.asp

Additional information may be found in the general diversity bibliography.
