

ABOUT THE SPEAKER

The fall caregiver seminar will focus on equipping family members and professional caregivers to provide care with confidence. With support from the Event Sponsor, Arden Courts of Arlington, *The Confident Caregiver* will be a day filled with practical tips and

insights from featured speaker, **Andy Crocker, MS.** Mr. Crocker is a graduate of Baylor University and currently serves as an Extension Program Specialist-Gerontology Health for the Texas

AgriLife Extension Service, an arm of the Texas A&M system. Through his role, he supports the County Extension Agents for Family and Consumer Sciences in their outreach efforts to the elderly population throughout Texas. He has spoken at conferences across the nation on a variety of issues related to aging and brain function. His research interests include memory improvement and cognitive function.

This year's program will include segments from the Emmy nominated HBO documentary series, *The Alzheimer's Project*. The sessions will weave together common themes and issues related to Alzheimer's disease and care. This program will lead us on a journey with individuals and their families as they move deeper into the world of Alzheimer's. Attendees will glimpse what it is like to be the person with dementia. The seminar will touch on issues such as diagnosis, driving safety, end of life decisions and the science behind the disease. (To learn more about the HBO documentaries visit our website, www.alz.org/northcentraltexas.)
