## Six out of 10 people with Alzheimer's will wander

A 24-hour nationwide emergency response service for individuals with Alzheimer's or related dementia who wander or have a medical emergency.

*It's simple: Caregivers call the hotline, and law enforcement is notified. Of those reported missing, 99 percent wearing the ID bracelet or necklace are found within 24-hours. The program also provides vital medical history needed to treat the person who may not be able to communicate the information.*
