

Alzheimer's Disease Genetics Global Symposium

Supported by:

- **Release date:** July 25, 2021
- **Expiration date:** July 25, 2022
- **Estimated time to complete activity:** 8.5 hours
- **Media:** Internet
- **Computer System Requirements:** Internet browser and connection
- Jointly provided by Postgraduate Institute for Medicine and the Alzheimer's Association

Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by the Postgraduate Institute for Medicine and Alzheimer's Association. Postgraduate Institute for Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME).

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

Credit Designation

Please note that the final credit amounts may fluctuate.

Physician Continuing Medical Education

The Postgraduate Institute for Medicine designates this activity for a maximum of 8.5 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Nursing Education

The maximum number of hours awarded for this Continuing Nursing Education activity is 8.5 contact hours.

Continuing Psychologist Education

Continuing Education (CE) credits for psychologists are provided through the co-sponsorship of the American Psychological Association (APA) Office of Continuing Education in Psychology (CEP). The APA CEP Office maintains responsibility for the content of the programs.

Credit Designation

This program offers 1.0 continuing education credits for psychologists.

Continuing Social Work Education

As a Jointly Accredited Organization, Postgraduate Institute for Medicine is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. Postgraduate Institute for Medicine maintains responsibility for this course. Social workers completing this course receive 8.5 Clinical continuing education credits.

Target Audience

This activity is intended for biochemists, geriatric psychiatrists, geriatric specialists, molecular and cell biologists, neurologists, neuroscientists, nurses, pharmacologists, primary care physicians, psychiatrists, psychologists, radiologists and social workers involved in the research and/or care of people with Alzheimer's and other dementias.

Educational Objectives

After completing this activity, the participant should be better able to:

- Inform the AD community of the advances made in global Alzheimer's genetics and molecular biology and to facilitate conversation about using these findings in clinical practice and translational research
- Utilize advances in technology, including imaging and biomarkers to improve diagnosis and monitor disease progression in Alzheimer's disease
- Review data on current animal models for Alzheimer's disease
- Compare the pathophysiology of aging, Alzheimer's disease and other geriatric syndromes
- Identify potential targets for treatment of Alzheimer's disease
- Discuss recommendations for the prevention of Alzheimer's disease
- Explain therapeutic breakthroughs in neurodegenerative disease
- Identify emerging strategies likely to drive future advances in Alzheimer's disease
- Indicate how Alzheimer's disease affects society as it relates to health economics

Disclosure of Conflicts of Interest

Postgraduate Institute for Medicine (PIM) requires faculty, planners, and others in control of educational content to disclose all their financial relationships with ineligible companies. All identified conflicts of interest (COI) are thoroughly vetted and mitigated according to PIM policy. PIM is committed to providing its learners with high quality accredited continuing education activities and related materials that promote improvements or quality in healthcare and not a specific proprietary business interest of an ineligible company.

Planners and Managers: The PIM planners and managers have nothing to disclose. The Alzheimer's Association planners and managers have nothing to disclose.

A complete list of the faculty, with titles, affiliations and disclosure information is available at abstracts@alz.org.

Disclosure of Unlabeled Use

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the FDA. The planners of this activity do not recommend the use of any agent outside of the labeled indications. The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of the planners. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

Disclaimer

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications and/or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.

Method of Participation and Request for Credit

There are no fees for participating and receiving CME/CE credit for this activity. Participants must read the learning objectives and faculty disclosures and study the educational activity.

If you wish to receive acknowledgment for completing this activity, please following these steps:

1. Complete the evaluation on www.cmeuniversity.com.
2. On the navigation menu, click on "Find Post-test/Evaluation by Course" and search by course ID: 16577.
3. Upon registering and successfully completing the activity evaluation, your certificate will be made available immediately.
4. **IMPORTANT:** Complete the evaluation **after** you have participated in all of your sessions, as you will not be able to edit your activity evaluation.
