A Habilitation Training Curriculum

The newly revised curriculum is a **train the trainer** model created to prepare attendees, already familiar with Alzheimer's and dementia care, to train direct care staff in a wide array of care settings. The 7 hour training teaches attendees the 13 hour curriculum in best Habilitation Therapy practices. Modules include a PowerPoint presentation, discussion activities, lecture and demonstration, role-play and group work.

Module Topics:

- Understanding Alzheimer's and Dementia
 - Habilitation Therapy
 - Knowing and Understanding the Individual
 - Communication Skills: We Need to Know the Language
 - Does the Physical Environment Make a Difference?
 - Our Approach to Personal Care
 - Activity and Purposeful Engagement
 - Behavior as Communication: Understanding and Responding
 - Understanding and Working with Families
- \$300 for one representative
 - \$550 for two representatives
 - \$200 for each additional representative
