

Alzheimer's Association Programs and Services

A toll-free **Helpline** is available 24 hours a day, 7 days a week, to provide information, assistance, support, and referrals to specific Association programs and/or community resources. Call 1.800.272.3900 anytime day or night.

Education programs are offered for families and professionals throughout Indiana. These programs are designed to meet the needs of caregivers during the course of the disease - from diagnosis to end-of-life. Call the Helpline for a calendar of upcoming programs.

Support groups meet monthly to provide caregivers an opportunity to share their experiences and receive support from others. Call the Helpline for a listing of support groups in your area.

Care Consultation is available to caregivers who need help developing a plan of care for their loved one with Alzheimer's disease. Families work with a social worker to identify appropriate resources and strategies for care.

Medic-Alert® + Safe Return® is a nationwide identification program designed to identify, locate, return and provide relevant medical information about individuals with Alzheimer's disease who have wandered and become lost.

TrialMatch® is a free, easy-to-use clinical studies matching service that connects individuals with Alzheimer's disease, caregivers, healthy volunteers and physicians with current studies.

alzheimer's  association®

Care Consultation Provides:

- A meeting with a licensed social worker to develop a plan of care to manage the needs of the person with dementia and/or the caregiver.
- One-on-one education about the disease process, treatment, and current research.
- Assessment of the functional status of the individual with dementia.
- Information or resources to assist with legal, financial, and social security issues.
- Information about community services to meet the changing needs of caregivers and persons with dementia.
- Assessment of safety issues.
- Development of a verbal or written action/care plan.
- Assistance with developing positive caregiving approaches.

What is Care Consultation?

Care Consultation is a service that offers personalized care planning, education, and support to families coping with Alzheimer's disease or a related dementia. This program is available to families at all points in the disease process, from a new diagnosis to late-stage.

Schedule Your Care Consultation

Care Consultation is available via phone and/or email throughout the state. In person visits may be arranged in certain locations. There is no charge for Care Consultation, but contributions are welcome.

To arrange a Care Consultation for you and/or your family, call our 24/7 Helpline at 800.272.3900.
