

时光机 OUR TIME MACHINE

directed by Yang Sun and S. Leo Chiang

Shaken by the news of his father's dementia, artist Maleonn creates "Papa's Time Machine," a wondrous time-travel adventure performed on stage with life-size mechanical puppets. Through the play's production, he confronts his own mortality. Maleonn finds grace and unexpected joy in this moving meditation on art, the agonies of love and loss, and the circle of life.
