

TAKE YOUR SEAT AT THE DEMENTIA CARE PROVIDER ROUNDTABLE

Join the Alzheimer's Association® Dementia Care Provider Roundtable to discuss key issues with diverse thought leaders in Alzheimer's care and support. The Roundtable is a noncompetitive platform where leaders from the care provider industry — including nursing homes, assisted living, and home- and community-based services — come together to discuss a wide range of topics related to quality dementia care.

Discussion at the Roundtable is based on the Alzheimer's Association Dementia Care Practice Recommendations, which define quality person-centered care and should be used by professional care providers to influence and transform their delivery of care.

THE VALUE YOU CAN BRING — AND RECEIVE

Take advantage of this unique opportunity to contribute to and learn from an engaged, responsive dementia resource network focused on a variety of current Alzheimer's care and support topics, including:

- » Challenges of person-centered care implementation.
- » Evaluating person-centered care practices and outcomes.
- » A stronger approach to working with diverse families.
- » Gaps in psychosocial research.

Outputs from the Roundtable can have a major influence on the field as white papers and articles in academic journals. The article "What is Really Needed to Provide Effective, Person-Centered Care for Behavioral Expressions of Dementia: Guidance from the Alzheimer's Association Dementia Care Provider Roundtable" was recently published in *JAMDA - The Journal of Post-Acute and Long Term-Care Medicine*.

MAKE A LASTING IMPACT

Join the Dementia Care Provider Roundtable and make a nationwide impact on the field of quality dementia care. The Roundtable meets biannually face-to-face and by conference call as needed.

The annual fee is \$5,000 per organization for two members.
