Summer Mobile Craft

This is a simple paper craft that you can make to decorate residents' doors. You can string the pieces up to make a mobile in many different ways.

Materials:

- paper
- glue
- scissors
- some yarn, wool or string
- something to colour with

Instructions:

1. Colour pieces.
2. Cut out the pieces and use scissors, hole punch or needle to poke holes where indicated on each piece. This step may require adult assistance.
3. Fold each template piece in half and glue together. The back and front of each piece should now look identical (unless you coloured them differently!)
4. Cut a strip of paper for the top of the mobile.
5. Using one medium length of yarn, attach the yellow sun to the center of the roll or hanger. Using two short lengths of yarn, attach the red strawberry and red rose to the roll or hanger (on either side of the sun). Using two long lengths of yarn, attach the blue bird and blue dragon fly to the roll or hanger at the ends.
6. Thread another piece of yarn through the center of the strip and tie the ends together. This yarn will be used to hang the mobile up.

SEE NEXT PAGE FOR PICTURES.

IF YOU NEED SUPPLIES, THERE ARE SOME AVAILABLE IN THE 3RD FLOOR STORAGE ROOM OUTSIDE THE DINING ROOM, OR SEE A LIFE ENRICHMENT MEMBER AND THEY WILL GET YOU ADDITIONAL SUPPLIES NEEDED.
