

# THANK YOU, TEXAS!

## Because of You, The Lone Star State Has Made History.

By voting to fund the Dementia Prevention and Research Institute of Texas (DPRIT), you've created the **largest state-funded dementia research program in the country**. DPRIT will drive scientific breakthroughs, attract world-class researchers and create thousands of jobs across the state.

Making Texas a national leader in the fight to #ENDALZ could not have happened without the support of voters, and the bold, bipartisan action from:

**Lt. Gov. Dan Patrick**

**Sen. Joan Huffman**

**Rep. Tom Craddick**

**Rep. Senfronia Thompson**

**Rep. Todd Hunter**

**Rep. Greg Bonnen**

**Rep. Pat Curry**
