### INSPIRE Benefit Supporters,

Like many of you, we are all too familiar with the devastation that an Alzheimer's disease or dementia diagnosis brings. And like many of you, we are eager to make a difference for our family, your family and millions of others.

As Executive Host Chairs for **INSPIRE 2025**, we are committed to the Alzheimer's Association mission because it's about the future – for our family and yours. Terry's dad was a man of science, a doctor, who experienced dementia before his death.

While it's personal for us, we also are deeply proud of Indianapolis' role in advancing crucial research. What's happening in our backyard sets the pace for a future where generations can access treatments, and ultimately a cure. We're closer than ever to a time when families like ours and yours can enjoy more time and make more memories.

As you plan your philanthropic giving, we hope you will consider making a gift to the **2025 INSPIRE** Benefit Giving Society. Your generosity funds the Alzheimer's Association mission – leading the way to end Alzheimer's and all other dementia by accelerating global research, driving risk reduction and early detection, and maximizing quality care and support.

There has never been a more exciting time for our city and our mission. Thank you for your consideration and generosity. We hope to see you at the **INSPIRE** Benefit on March 2, 2025 and raise a glass to toast the bright future of our collective efforts.

Sincerely,

Terren Magid & Julie Manning Magid
