

JOIN US FOR GOOD, GREEN FUN!

Growing Connections is a free gardening program designed exclusively for people with early-stage dementia and their care partners. Two six-week sessions are offered beginning in mid-April.

Monday mornings

April 14 – May 19

10 a.m. – noon

Hopkins Activity Center

33 14th Avenue North, Hopkins

Tuesday mornings

April 15 – May 20

10 a.m. – noon

Hopkins Activity Center

33 14th Avenue North, Hopkins

REGISTRATION REQUIRED. Contact Jenna Fink at 952.857.0558.

Choose the day that works best for you for the entire spring program. The classes focus on learning and having fun in the moment. We provide a light snack and plenty of social time for you to connect with your classmates.

No garden, gardening experience, or green thumb is required! You'll enjoy activities like learning about native plants, edible flowers, apples, how to grow low-light plants and more.

This series of classes is offered by the Hennepin County University of Minnesota Extension Master Gardeners in partnership with the Alzheimer's Association.

Come share in the joy of nature!
