About the Caregiver's Journey Conference

Our one-day conference brings together caregivers, individuals living with Alzheimer's disease and other dementias, community-based clinical care providers, from across the state. Throughout the day, attendees will gain valuable insights, tools and resources tailored for caregivers, discuss groundbreaking research advances, and learn about ongoing clinical trials in Alzheimer's disease and related dementias.

This conference provides opportunities for Rhode Island-based direct care businesses to interact with individuals looking for resources to support them in their caregiving journey, respite services for caregivers, and the opportunity to really give guidance to our caregivers and those they support living with a diagnosis of Alzheimer's or other causes of dementia.

Conference highlights include:

- An immersive experience to demonstrate living with dementia. This will help to develop self awareness, understanding and empathy.
- Morning and lunch time presentations in ballroom, light breakfast, buffet lunch and up to 12 breakout sessions to choose from throughout conference space.
- Meditation/Yoga session for attendees
- Participate in the Caregiver Message Wall
- Ample time for networking and engaging with attendees.

An annual attendance of 400 individuals.

Registration Opens March 2, 2026

Register online at alz.org/ri or call our 24/7 Helpline at 800-272-3900.
