

ACCOUNTING INDUSTRY LEADERSHIP COUNCIL

About Alzheimer's Disease

Alzheimer's is a global epidemic, affecting **55 million people** worldwide. In the U.S., more than **6 million** Americans are living with Alzheimer's; that number is projected to reach nearly **13 million by 2050**.

Alzheimer's is one of the most expensive disease in America, and will cost our nation **\$321 billion** in 2022. Unless a treatment to slow, stop or prevent the disease is developed, in 2050, Alzheimer's is projected to cost more than **\$1.1 trillion**.

1 in 3 seniors dies with Alzheimer's or another dementia. Alzheimer's is also the **#1 health concern** amongst Americans of all age groups.

Alzheimer's affects the entire family. In addition to the more than 5 million Americans living with the disease, there are more than **11 million caregivers** in the U.S. and many more family members who need the care and support services the Alzheimer's Association offers.

On the frontlines of a wide range of financial matters, CPA's often see the early warning signs of Alzheimer's. With the Alzheimer's Association, the most trusted source for accurate and up-to-date information, CPA's can build a more holistic relationship by providing greatly-needed support to their clients and family members in need.

Accounting Industry Leadership Council

The **Accounting Industry Leadership Council** is a dedicated group of accounting firms, with a lead representative, that provide an opportunity for their firm and clients to participate in the world's largest fundraising event that supports Alzheimer's research, care & support – the **Walk To End Alzheimer's (WTEA)**.

The **WTEA** is held each Fall in more than **625 communities** throughout America, with over 500,000 participants. The **WTEA** is now the 2nd largest fundraising event for any cause in America. Wherever your firm has offices, there is a local **WTEA** in the community.

"The Alzheimer's Association's Walk To End Alzheimer's has given our fast-growing accounting firm a nationwide cause that provides all employees an opportunity to truly make a difference. It has also created a compelling and caring corporate culture, which has helped attract younger employees and retain our talented team of professionals."
