Over 5 million Americans are living with Alzheimer’s, and as many as 16 million will have the disease by 2050. The cost of caring for those with Alzheimer’s and other dementias is estimated to total $277 billion in 2018, increasing to $1.1 trillion (in today’s dollars) by mid-century. Nearly one in every three seniors who dies each year has Alzheimer’s or another dementia.
