

# dementia caregiving in ohio

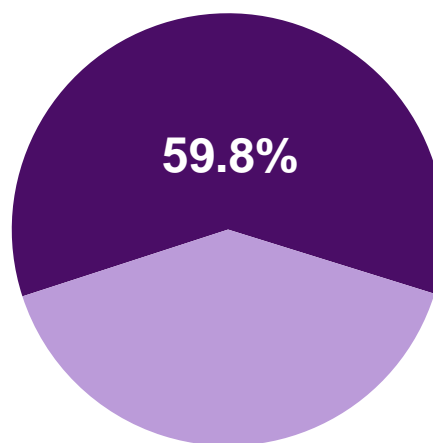

DATA FROM THE 2020 BEHAVIORAL RISK FACTOR SURVEILLANCE SYSTEM

In Ohio, nearly 60% of all adults providing unpaid care to loved ones with Alzheimer's or another dementia have been doing so for at least two years.

More than one-third of Alzheimer's and dementia caregivers provide 20 or more hours of care per week.

More than one in four dementia caregivers are in the "sandwich generation" — caring for both someone with dementia and a child or grandchild.

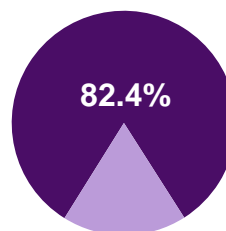

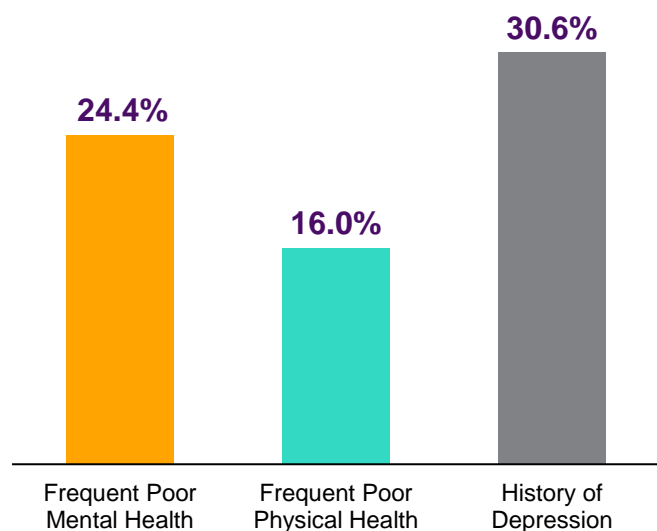

Percent of dementia caregivers providing care for at least 2 years

Characteristics of Alzheimer's and Other Dementias Caregivers

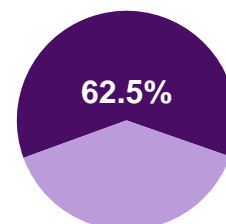

Gender		Age		Hours of Care per Week		Caring for Parent or Parent-in-law	Also Caring for Minor
