Progressive Medical Research presenting sponsor for Alzheimer’s Association Walk to End Alzheimer’s Volusia

“Walk to End Alzheimer’s is the world’s largest event dedicated to Alzheimer’s care, support, and research.”

DAYTONA BEACH, Fla., June 13, 2023 – Progressive Medical Research will join the 2023 Walk to End Alzheimer’s as a presenting sponsor in Volusia. The Walk will take place on Saturday, Oct. 21 at Jackie Robinson Stadium

“Our president and our team at Progressive Medical Research are determined to cure or lessen the effects of Alzheimer’s,” said Dave Bachansingh, director of administration for the company.

According to the Alzheimer’s Association’s 2023 Facts and Figures report, more than 6 million Americans are living with Alzheimer’s disease – a leading cause of death in the United States. Additionally, more than 11 million family members and friends provide care to people living with Alzheimer’s and other dementias.

On Walk day, attendees honor those affected by Alzheimer’s with the poignant Promise Garden ceremony – a mission-focused experience that signifies participants’ solidarity in the fight against the disease. The colors of the Promise Garden flowers represent participants’ personal connections to Alzheimer’s disease and the reasons they walk.

“We currently have multiple studies in Alzheimer’s, so it made sense to sponsor this event. Dr. White is a board member for Volusia County and has a personal connection since his grandmother was diagnosed and the family faced it hands on. We are trying to find future solutions now.”
