

Alzheimer's Association Central & Western Kansas Chapter

The health and safety of our constituents, volunteers and staff remain our driver as we address the COVID-19 outbreak and as we continue to pursue our mission, today and in the longer term.

Based on the guidance from local public health agencies, we are implementing the following precautionary measures beginning today, Friday, March 13. The staff in Wichita, KS will be working remotely. We are prepared with technological and other support for our staff to successfully operate in support of our mission.

Alzheimer's Association operations will continue, and we will re-evaluate these measures on an ongoing basis and resume in person engagements as soon as we are able, based on public health guidelines.

Meetings, events and participation both in internal and external activities will be conducted online or by phone whenever possible. Please check www.alz.org for details on meetings and events.

During this time, the Alzheimer's Association is available to you 24/7 for around-the-clock care and support:
