

# SOLID GROUND

Since 2002, Flint Hills Resources has invested more than \$13 billion to expand its diverse operations and prepare for potential dips in the market. This provides opportunities across the nation for roles ranging from the office to outdoors. Koch companies, including Flint Hills Resources, employ about 60,000 people in America.

## WEBPART: COLUMN-LAYOUT

3 Column w/rise Option  
Module Row

2a - HTML text box option for all content in each box with background image option. These will change on a per module basis enough to merit an HTML custom text option.

Three columns of quote boxes with background images and text. Each box contains a quote, a name, and a title. A green dashed border highlights the content area.

- Column 1: "You could be impacting a large number of people or even a community." - Dawn, Director of Process Safety, Flint Hills Resources.
- Column 2: "I'm excited that I'm at a place where my opinion matters." - Steve, reliability manager, Flint Hills Resources ethanol plant, Fairbank, Iowa.
- Column 3: "We're building something that's the best of its kind and I'm one of the gatekeepers." - Dawn, project engineer, Flint Hills Resources industrial plant, Bealville, Nebraska.
