Over 5 million Americans are living with Alzheimer’s, and nearly 14 million will have the disease in 2050. The cost of caring for those with Alzheimer’s and other dementias is estimated to total $290 billion in 2018, increasing to $1.1 trillion (in today’s dollars) by mid-century. Nearly one in every three seniors who dies each year has Alzheimer’s or another dementia.
