BRUCE H. AND ROSALIE N. ROSEN

# COMMUNITY CONNECT PROGRAMS

## AFTERNOON AT THE ANTON

Afternoon at the Anton is done in collaboration with the Anton Art Center. Join us for facilitated discussion and art studio time.

## DETROIT HISTORICAL MUSEUM

Join us for an afternoon of old-fashioned merriment. We will be partaking in a delightful round of parlor games from the 18th and 19th century, just as many of Detroit's first families would have done. We will also be serving up delicious tea and scrumptious snacks.

## DETROIT RED WINGS

Join us as we cheer on an end to Alzheimer's with the Detroit Red Wings as they take on the Carolina Hurricanes at Little Caesars Arena for a The Longest Day® awareness game!

## DETROIT SYMPHONY ORCHESTRA PARTNERED EVENTS

Join us for a series of events with the Detroit Symphony Orchestra (DSO)! Organized with a person with dementia in mind, our outings give you an upfront and behind-the-scenes look at the DSO.

## EARLY-STAGE SOCIAL CLUB

The Early-Stage Social Club is a recreational program that promotes cognitive, physical and social well-being for individuals in the early stages of Alzheimer's disease or another dementia. Meetings feature chair yoga followed by participant driven activities.

## LITTLE CAESARS ARENA TOUR

Join Community Connect as we get a behind-the-scenes look at Little Caesars Arena, home of the Detroit Red Wings and Detroit Pistons. This guided tour includes a look at the locker rooms, media rooms and much more.

## MEET ME @ THE BBAC

Meet Me @ the BBAC (Birmingham Bloomfield Art Center) is an ongoing program for people living with Alzheimer's disease and other dementias and their care partners to create meaningful experiences together through art. Join us for facilitated discussion and art studio time.

## MEMORY CAFÉS

Our Memory Cafés are a gathering of people living in all stages of dementia and their care partners. They create an opportunity to spend time together in a welcoming place sharing stories with others who are living a similar journey. Lunch and an activity are provided at the Livonia Memory Café.

## MINDS IN THE WILD AT THE DETROIT ZOO

Slither, hop, fly or walk! Join us at the Detroit Zoo in Royal Oak for Minds in the Wild, where we will enjoy themed visits led by Zoo staff. We will gather to learn and share while appreciating all the Zoo has to offer. Join us for this monthly outing where we will explore different exhibits and animal groups each session!

## MINDS ON ART AWAY

Minds on Art - Away done in collaboration with the Detroit Institute of Arts, is an ongoing program for people living with Alzheimer's disease and other dementias and their care partners. Join us for facilitated discussion and art appreciation.

## POTTERY PAINTING

Join us as we explore our inner artists at the Creative Arts Studio in Royal Oak. We will spend the afternoon together creating a painted pottery piece.

## THE HENRY FORD OUTINGS

Using sheet music from The Henry Ford's collection, we will be immersed in all things music, from listening to reminiscing to exploring fun instruments to songwriting. Music Therapy Professor Laura Pawuk and students from Eastern Michigan University's Department of Music Therapy will join us to engage participants in a most enriching musical experience.

## YANKEE AIR MUSEUM

This month we will explore the Thunderbird and the O-2 simple machines. The Thunderbird exhibit focuses on the life and career of Col. Doug Roach, a hometown hero of Romulus, MI, who went on to become a distinguished Air Force pilot and flew with the USAF Thunderbirds aerial demonstration team.

*The Community Connect program is designed to provide people living with Alzheimer's disease and other forms of dementia and their care partners with a broad range of socialization and culturally significant events and outings. Unless otherwise noted, all of our Community Connect programs are free.*

*To find out more or to register for one of our Community Connect events, please call our 24/7 Helpline at 800.272.3900.*

*All programs are handicap accessible. Please let us know of any accessibility considerations during registration.*
