2017 IMPACT REPORT

Providing help for today and hope for tomorrow throughout Michigan!

alzheimer's association
GREATER MICHIGAN CHAPTER

800.272.3900 | alz.org/gmc
ALZHEIMER’S DEATHS IN MICHIGAN HAVE INCREASED 103% SINCE 2000
More than 5 million Americans are living with Alzheimer’s disease. Caring for a loved one with Alzheimer’s can be an emotionally, physically and financially draining role. In 2017, more than 15 million caregivers across the nation provided an estimated 18.2 billion hours of unpaid care valued at over $230 billion.
My wife Dawn didn’t become forgetful, she didn’t become combative, she just stopped being who she was. Our family of three boys, ages 2, 5 and 9 at the time, and I saw subtle changes in 2007 when Dawn was 34. Something was different – she was no longer trying to figure things out, she became withdrawn. She was not the same mother that would plan the family calendar out for the month, including 4-course dinners each week. In 2012, she was in two car accidents, and she could not explain the second one at all. After the accident and a myriad of medical tests and doctor’s visits, we were told that Dawn was probably suffering from some early form of dementia.

In December of 2015, I reached out to the Alzheimer’s Association. In my first meeting with the Care Counselor I set a goal to keep Dawn at home with us. The Care Counselor helped us to create a plan which included, first, arranging for hospice care. At the end of the meeting, a sense of relief came over me that gave me hope. It helped us realize there were options, we were not alone, and people wanted to help. After our planning meeting, we met monthly. These meetings were quite honestly lifesaving. We learned to think beyond the feelings and situations we were facing moment to moment. We learned lifelong lessons and developed resources to help us past what we were dealing with in the present.

Dawn passed away in August of 2016 at the age of 43 - a short eight months after we first met with the Alzheimer’s Association.

I am constantly reminded of how impactful the Alzheimer’s Association’s approach and help was to our family. We are able to carry on, albeit sad because of our loss, but with a positive approach that we have the tools to continue forward. Looking back now as I have a moment to reflect, it is hard to imagine how we were able to handle each day. The turning point was reaching out to the Alzheimer’s Association. This disease will impact almost everyone at some point - be it a close relative or friend. The programs of the Alzheimer’s Association are vital, they gives families hope and tools as we wait for a cure. We cannot sit back and wish that Alzheimer’s doesn’t happen – we need to prepare and do more to be ready for when it does happen to families.

THE ALZHEIMER’S ASSOCIATION SAVED OUR LIVES

– DON KOWALSKI, FAMILY CAREGIVER FROM MACOMB COUNTY
ENHANCING CARE & SUPPORT

The Alzheimer’s Association helps families facing Alzheimer’s disease through face-to-face education and support programs, our 24/7 Helpline (800.272.3900) and alz.org/gmc. We work with healthcare professionals to diagnose Alzheimer’s as early as possible and provide those facing Alzheimer’s with information, support and tools needed for caregivers to be successful.

INFORMATION & REFERRAL CONTACTS: 5,618

EDUCATION CONTACTS: 14,486

SUPPORT GROUP ATTENDEES: 1,554

CARE CONSULTATIONS: 2,507

PHYSICIAN REFERRALS: 792
ADVANCING PUBLIC POLICY

We inform our lawmakers on the Alzheimer’s crisis and engage them in our efforts to fight the disease – calling on the federal government to increase research funding and pass landmark legislation. Our local advocates work with Michigan legislators to make Alzheimer’s disease a priority in policy making.

FOR THE SECOND YEAR IN A ROW, CONGRESS APPROVED A HISTORIC FUNDING INCREASE, EARMARKING $400 MILLION FOR ALZHEIMER’S RESEARCH FUNDING, INCREASING FEDERAL FUNDING AT THE NATIONAL INSTITUTES OF HEALTH TO NEARLY $1.4 BILLION
Recruiting and retaining participants for clinical studies is one of the greatest obstacles to developing the next generation of Alzheimer’s treatments. The Alzheimer’s Association TrialMatch® is an easy-to-use clinical studies matching service that connects individuals with Alzheimer’s, caregivers, healthy volunteers and physicians with current studies.

Through TrialMatch, the Greater Michigan Chapter’s clinical trial engagement has increased by 46% in our chapter area in the last two years.

As the world’s largest nonprofit funder of Alzheimer’s research, the Alzheimer’s Association has awarded millions in funding for critical advancements. We are also a catalyst for research progress. We bring the global research community together to collaborate, connect and address common challenges through the Alzheimer’s Association International Conference – the world’s largest forum for the dementia research community. Through our TrialMatch® program, we help support research advancements by connecting people living with Alzheimer’s, caregivers, families and advocates to research studies.

The Alzheimer’s Association has awarded promising Michigan researchers 19 grants valued at nearly $2.5 million since 2005.

The Alzheimer’s Association has invested over $385 million in more than 2,500 grants for scientific investigations since 1982.

Accelerating Alzheimer’s research.
The Greater Michigan Chapter hosts multiple events throughout the fiscal year. These events provide many ways to achieve our goals for increasing concern and awareness, enhancing care and support, advancing public policy, accelerating research and growing revenue support of the mission.

- **CHOCOLATE JUBILEE**: $1,200,000 raised at our annual Chocolate Jubilee gala in Detroit and its associated major gifts.
- **SPRING SOIRÉE**: $56,779 raised at our shopping and sips event in partnership with Neiman Marcus.
- **THE LONGEST DAY**: $124,362 raised by 108 MICHIGAN TEAMS, PARTY HOSTS & INDIVIDUALS.
- **WALK TO END ALZHEIMER’S**: $1,196,512 raised by our 6,515 PARTICIPANTS and 761 TEAMS at our 11 WALKS.
According to the Better Business Bureau Wise Giving Alliance, nonprofit organizations should spend at least 65 percent of its total expenses on program activities, with remaining funds going to administrative and fundraising expenses.

THE ALZHEIMER’S ASSOCIATION EXCEEDS THESE EXPECTATIONS.

79% OF OUR TOTAL ANNUAL EXPENSES ARE SPENT ON CARE, SUPPORT, RESEARCH, AWARENESS AND ADVOCACY ACTIVITIES.
GROWING REVENUE SUPPORT OF THE MISSION

REVENUE

- General Donations: $9,244,478
- Fundraising Events: $2,220,317
- Grants: $1,123,160
- Program Fees: $176,821
- Interest/Dividends: $102,492

TOTAL: $12,867,268
As an organization founded by volunteers, the Greater Michigan Chapter mobilized broader community and volunteer support in the last year. While growing the volunteer base, the chapter also focused on improving the orientation and engagement experience for hundreds of volunteers in Michigan.

MOBILIZING VOLUNTEERS & COMMUNITY SUPPORT

412 ACTIVE VOLUNTEERS*
16,208 HOURS*

LEADING THE WAY

The mission of the Alzheimer’s Association is to eliminate Alzheimer’s disease through the advancement of research; to provide and enhance care and support for all affected, and to reduce the risk of dementia through the promotion of brain health.
