

Alzheimer's Support Group

enhancing the lives of people affected by alzheimer's

What is an Alzheimer's Association support group?

A safe place to learn, offer and receive helpful tips, and meet others coping with Alzheimer's disease or another dementia. Meetings typically take place monthly, are always free, and are open to the public.

In some areas, specially designed support groups are available for people with early-stage memory loss, male caregivers, adult children caregivers, younger partners and frontotemporal degeneration. Some groups provide transportation service or care for people with dementia during the meetings.

Why do you need a support group?

Participation in a support group can be an empowering experience, helping members feel better prepared to cope with their unique situation, more able to confront their daily problems, and more hopeful about their future.

For information and assistance finding a group near you, please call the Alzheimer's Association 24/7 Helpline, at **800.272.3900** or visit alz.org/greatermissouri.

If you are a student wanting to observe the group, please call the Alzheimer's Association at 800.272.3900 for approval. Support groups are closed to care providers promoting their services.

ALZConnected (alzconnected.org) is a free online message board for caregivers and those who have Alzheimer's or another related dementia. If you cannot locate a virtual support group available during a time that works for you, ALZConnected may be a support solution for you.
