

**Advocacy is a crucial part of advancing our public policy mission and we want to bring it front and center at our upcoming Walk To End Alzheimer's events in September!**

We are seeking Advocacy Day Of Volunteers to join us in our awareness efforts at each of our 12 Walk locations. The Advocacy Day-Of Volunteer will develop a solid understanding of Alzheimer's Association advocacy, as well as the Alzheimer's Impact Movement (AIM). They will help promote our advocacy efforts at each event.
