WELCOME

Alzheimer’s disease touches MILLIONS of lives.

ALZHEIMER’S DISEASE IS THE 6TH leading cause of death in the United States

EARLY AND ACCURATE DIAGNOSIS COULD SAVE UP TO $7.9 TRILLION in medical and care costs

EVERY 65 SECONDS someone in the United States develops the disease

IN 2018, Alzheimer’s and other dementias will cost the nation $277 BILLION
BY 2050, these costs could rise as high as $1.1 TRILLION

16.1 MILLION AMERICANS provide unpaid care for people with Alzheimer’s or other dementias
These caregivers provided an estimated 18.4 BILLION HOURS of care valued at over $232 BILLION

1 IN 3 seniors dies with Alzheimer’s or another dementia

It kills more than breast cancer and prostate cancer COMBINED
Why Should My Company Participate?

- Alzheimer’s costs American businesses $61 billion a year in health care expenses and lost productivity due to caregiver absenteeism.
- According to the Society for Human Resource Management, nearly 6 out of 10 individuals caring for an aging loved one work full-time.
- 78 percent of consumers are more likely to buy a product or patronize a business that is associated with a favored cause.

The Effect of Alzheimer's and Dementia Caregiving on the Workplace

- 54% had to go in late/leave early/take time off
- 15% had to take a leave of absence
- 15% had to give up working entirely
- 13% had to go from working full-to part-time
- 13% had to take a less demanding job

A Holistic Partnership Strategy

The Alzheimer’s Association offers our corporate partners a variety of ways to engage in a meaningful, multifaceted collaboration.

Opportunities to educate and empower employees include but are not limited to:
- Starting a team for Walk to End Alzheimer’s® or The Longest Day®.
- Committing to sponsor one of the events highlighted in this packet or becoming a Purple Patrons sponsor (see page 9).
- Including the Alzheimer’s Association in your workplace giving campaign.
The Walk to End Alzheimer’s® provides an opportunity for the community — family and professional caregivers, those diagnosed with Alzheimer’s, people who have lost a loved one to Alzheimer’s and those who know Alzheimer’s could impact them at any time during their lives — to come together with one voice and say that now is the time to fight back.
