Volunteer with the Memories in the Making® Watercolor Program

**ARTS ENGAGEMENT** improves the quality of life for those living with mild cognitive impairment (MCI) and early-stage Alzheimer’s.

Share your talents by facilitating the Alzheimer’s Association **Memories in the Making®** program, empowering individuals living with Alzheimer’s and other dementia to enjoy the process of making art.

Groups are held at sites throughout Oregon and Southwest Washington, including our offices in Bend, Eugene, Lake Oswego, Medford, and Salem.

* Memories in the Making® is a registered trademark of Alzheimer’s Orange County, which has granted permission to the Alzheimer’s Association for such use.
