*Cities this fact sheet reflects data from 2017, the most current year that complete data is available.

COUNTY MAP: CASES BY ZIP CODE†

According to the South Carolina Alzheimer’s Disease Registry:

- 327 individuals in McCormick County were living with Alzheimer’s Disease or Related Dementias (ADRD).
- Statewide, 111,818 South Carolinians were living with ADRD.
- McCormick County has seen a 173% increase in documented cases since 2000.*

This fact sheet reflects data from 2017, the most current year that complete data is available.

†Values above reflect cases in an entire ZIP Code. Since some ZIP Codes cross county boundaries, only a portion of cases from shared ZIP Codes are included in the total cases for the county.

CASING BY RACE

African Americans were 188% more likely to have ADRD than their non-Hispanic white counterparts within the county.

CASING BY AGE

While most individuals with ADRD were 65 or older, 8% of county cases were under the age of 65.

PLACE OF RESIDENCE

At time of diagnosis, most individuals lived in a community setting‡ rather than a skilled nursing facility.

*Includes Asian, American Indian, Hispanic, and Unknown

‡Community Settings may include Assisted Living environments.
