The Family Caregiver Support Network supports the lives of caregivers, while helping older adults living with dementia or Alzheimer's remain safely in their homes. The Family Caregiver Support Network is a part of the Alzheimer’s Association Wisconsin Chapter and is funded through a grant from Milwaukee County. The program offers valuable services and financial assistance for families.

**Personalized Support:**
- Resource counseling
- Family assessment meetings
- Self-care coaching
- Education classes

**Respite Break for Caregivers:**
We can assist in getting:
- Family & friends to help with caregiving
- Professional in-home care services
- Adult Day Center and overnight care
- Grandparent and relative caregiver support for those 55+ who are raising minor children or a disabled adult relative

**Creating safe environments for those living with dementia or Alzheimer's through the Alzheimer's Family Caregiver Support Program (AFCSP) Grant:**
- Adaptive equipment
- Home modifications
- Life-lines
- Home healthcare supplies
- Transportation
- In-home personal care support

**Connecting Caregivers with Resources:**
- Specialists: Nutritionist, RN, PT, OT, Geriatric Care
- Support groups

**Employer Assistance:**
- Support to develop policies and programs to support caregivers in the workplace
