The Family Caregiver Support Program assists Milwaukee County family caregivers who are helping their loved ones with Alzheimer's disease, dementia or any chronic health condition live safely in their own home. The program, administered by the Alzheimer’s Association Wisconsin Chapter, is funded through a grant from Milwaukee County DHHS Aging and Disabilities Services. The program connects family caregivers to valuable resources, education, services and financial assistance. It also supports grandparent and relative caregivers for those 55+ who are raising minor children or a disabled adult relative.

**Personalized Support:**
- Connect caregivers with resources
- Coordinate family planning meetings
- Offer self-care tips to prevent burnout
- Provide referrals to specialists: Nutritionist, RN, PT, OT, Geriatric Care
- Offer education classes and support groups

**Respite Care and Financial Support:**
- Assist family & friends with caregiving duties (grocery shopping, housekeeping, personal care)
- Coordinate professional in-home care services
- Arrange adult day center and overnight care
- Design individual care plans for families and determine needs (meals, transportation)

**Creating Safe Environments:**
- Adaptive equipment
- Home modifications
- Life-lines
- Home healthcare supplies
- Transportation
- In-home personal care support
