Grab a cup of coffee and a computer and join us for our Virtual Memory Café. While we can't be together in person just yet, we can still have fun!

Once registered, you will receive the link to join us via Zoom.

Memory Cafés allow persons with MCI (Mild Cognitive Impairment), early-stage Alzheimer's or a related dementia and their care partners to socialize and have fun with other people going through similar things. A Memory Café has no real agenda or stated purpose except to enjoy each other's company. Cafés provide a time where you do not need to focus on the diagnosis, just have a great time connecting with each other as a family or creating new friendships while having fun!
